

CHILDREN'S NEWS

WHAT'S NEW IN THE ROOM

We are almost back to where we were before the flood!

Our book replacement is just about completed. Not all books lost could be replaced, but

substitutes have come in and are on the "New Books" shelf. Be sure to come in to check out our newest

additions to the collection.

During May, we will be moving the col-

lection of Children's Music on CD down to the Children's Room. We have a new display rack that was built for us by Bob Thompson. Additions are being made to that collection.

We now have DVDs!

The collection is limited, but we have some of the favorites that we already had on VHS. They are on a small shelf on the top of the Parent's Books.

Look for:
