for  XBOX 360

Craft Corner

Happy March! Aren't you lucky to have a place like the Children's Room to visit when you're here at the Lane Library?

A popular feature of ours is the Craft Table, where kids (and their favorite adults) can create cool things using some interesting objects!

For instance, to make Australian didgeridoos we used paper towel tubes; for butterflies, paper coffee filters; ghosts (facial tissues); snowflakes (cotton swabs); placemats (wallpaper) and clocks (paper plates)!

It's always fun to see how our youngest patrons get creative with these crafts and make them totally their own. We have seen some wonderful results!

Keep on crafting, and thank you for supporting our awesome library!
